Completed in 2019

Experience

SCHNEIDER ELECTRIC

Data Engineer Intern – Data Office Team

Aug 2024 – Present

- Develop and maintain automated ETL pipelines using Python, Pandas, and Apache Airflow, ensuring reliable daily data processing.
- Design and orchestrate end-to-end data workflows on AWS infrastructure, integrating data into Redshift for analytical consumption.
- Collaborate with business and functional stakeholders to translate requirements into scalable and maintainable data solutions.
- Implement data quality checks, process optimizations, and apply CI/CD practices to ensure robust and efficient deployments.

RUCON

Private Tutor

Jul 2023 – Aug 2024

- Delivered online tutoring sessions in Physics and Mathematics at introductory university level, adapting explanations to different learning styles.
- Developed strong communication and problem-solving skills by breaking down complex concepts into clear, structured explanations.
